

American Youth Football League 2010 Season Official Coach Release Form

This form must be filled out completely by the League Member and Coach wishing to be released from their existing League Member. The Coach should review and initial the relevant bylaws below prior to signing the release form.

Section IV.III.6: Once a coach is carded with a League Member in the AYFL, they must remain with that League Member during their entire eligibility, unless a coach receives a written release from their former League Member using the official AYFL Coach Release Form. This form must be signed by a former League Members Representative. The only reason for a release not being signed is when equipment or monies are owed. Approval by the Board is constituted by the signature of the President. Once a release is signed by the President, that coach is assigned to his/her new League Member for the entire year. A copy of the Release will be kept with the Secretary, and given to the new League Member. **Initial** _____

Section IV.III.7: A coach may change league members once during their lifetime without AYFL Board approval. A coach desiring to make a second change of League Members must present themselves before the Board, and said move may only be made with 75% approval of the AYFL board. **Initial** _____

Section IV.III.8: If a single coach changes league members, no players previously mass registered to the club the coach is leaving may transfer to the new club and team that coach will be coaching, other than that coach's immediate children or grandchildren. Violations of this rule may result in up to a full season suspension for the coach in question. If more than one coach make the same move (same old club and team to same new club and team), only one of the transferring coaches will be permitted to transfer their children as stated above. This bylaw shall supersede the "One Move" Rule in Section Five, Article I.3 in that the intent of this rule is to discourage entire coaching staffs from migrating from club to club, taking the core of the team they are leaving with them. Notwithstanding same, if the move also involves a player(s) or coach(es) making their second move, the One Move Rule stays in effect and the second move approval will be resolved prior to applying this rule. **Initial** _____

Section IV.III.9: Any coaching changes must be completed and submitted to the League by the approved start date for practices in pads. No changes will be accepted by the AYFL Board after that. **Initial** _____

Section IV.III.10: No coach requiring a release may participate in any practice, including preseason practice and tryouts, until the release has been obtained and approved by the AYFL. Participating in practice without a valid release when required will result in that coach being ineligible to coach that season. This sanction may not be waived under hardship provisions. **Initial** _____
